

Object: adherence to the requirements of Social Responsibility (standard SA8000).

Dear Supplier,

as already reported, RE-2 S.n.c. has always placed much attention, not only to the quality of service provided to its customers, also to human resources in the production process, attention that has been given by obtaining the ethical certification SA8000.

For this purpose the company, proposes to:

- make known to the various stakeholder the policy of Corporate Social Responsibility;
- promote awareness and comprehension by all stakeholders of the real commitments of the Company in accordance with SA8000;
- promote by its suppliers to adopt the principles of Corporate Social Responsibility;
- provide management a useful instrument for the internal review of the social policy and verify the achievement of corporate objectives;
- highlight the continuous improvement of business management through the development of the indicators adopted.

The Social Responsibility Policy, the set of general rules that RE-2 S.n.c. has given and who intends to respect, from which defines their social objectives, drafted and signed by the management, is available on the web page www.re2snc.com.

In order to share these principles RE-2 Snc is committed to cooperate with suppliers and partners so that these, in keeping with the spirit of ethical certification SA8000, adopt the same logic operations summarized in the definition of "Social Responsibility".

Certain of the sensitivity of this company to these principles and in order to recognize it as a partner adhering to the same values, we require completing and returning within 30 days of receipt of this letter, the letter of adherence to the requirements of the SA8000 standard and the related questionnaire , mentioned attached.

In case of necessity or for any inquiries please do not hesitate to contact, during office hours, Mrs. Beatrice Ferrucci, at the addresses business.

Best regards.

RE-2 S.n.c.
